

Understanding FBT Seminar

(for HR, Payroll, Finance and Tax Personnel)

The FBT (Fringe Benefits Tax) season is over, and the pressure is off ...for the moment. Now is the perfect time to deepen your understanding of FBT – how it works and how it applies to your organisation and employees and how you can achieve real savings.

Typically in a medium to large organisation there are many people who directly or indirectly work with FBT, including Payroll, Finance, Human Resources and of course Tax. What we have found is that many of these people have had limited training in FBT and don't understand the complexities – what may seem logical often isn't with FBT! This can lead to decisions that can inadvertently cost thousands or tens of thousands in additional FBT liabilities, or result in non-compliance.

To address the above, and more, we have created our Understanding FBT Seminar. This is designed for personnel who have any involvement on a day to day basis with FBT management and compliance. This will include Payroll Managers and Staff, HR Managers and their teams, Finance personnel (accountants and AP staff) and Tax personnel.
